With the regular lodgers at the Madison Square Garden were broken by the watermen at 6 o'clock this morning, there were but twenty of the original 150 men in the six-day gass-on-pease, and old John Hughes, "the Lepper," had "lepped" along into first place.

John Hughes.

John Hughes, in his straining efforts to beat the phenomenal record of Charlie Howell for the first twenty-four hours, went to earth last night suffering with a badly sprained ankle.

Howell's record was 150 miles, made in the garden in 1882. Curley had 110 miles, and went to bed at midnight.

Howell took down in the six-race, strain of that first day's work being too much for him.

4:45 A.M.—
Hughes' record was two miles better than Curley's, yet he scored the same hour in his great race. Curley's mile better than Littlewood stood at the top of the list, and yesterday the manager sent a notice to each unless he put on the shirt, or, as contrast, he should disqualify him for all prizes.

Guilio Guerrero easily refused from the start to put on the silk shirts.

Old Peash, whose sixtieth birthday is not far away, first took to pedestrainment four years ago as a cure for rheumatism. He has been in forty races since. He never wins anything no more than three times.

Hughes BREAKS TWO RECORDS.

The short sprints announced their intention of striking at 10 o'clock if their pay was not forthcoming. They were confined that the money for their pay was already deposited in the box office, and the strike was averted.

Guillermo, who has never been better than thirteen men in this race, is in bad way physically and mentally. His wife says he is incoherent and unable to understand what is said to him much of the time.

George Cartwright went to bed at 8 o'clock this morning with only 144 miles behind him. His retirement from the race has not been officially announced, but it is not likely that he will return to the track.

At noon Doc McNaughton entered with McNaughton, the man who has the bar privilege. McNaughton settled all the troubles with the sprints by paying them for the past two hours' work, and agreeing to pay them all in future.
